MACHINING DIVISION

YOUR PARTNER IN PRECISION

Walinga's products and services represent the best in manufacturing excellence. For over 50 years we have manufactured and found solutions in all facets of design and construction of precision components and assembled units.

Your source for raw materials such as castings and components, to final assembly and inspection; Walinga's Machining Division provides you with complete solutions.

VERSATILITY

From large pump and valve bodies, truck delivery systems, to small specialty components, we can provide solutions tailored especially for your manufacturing needs.

HARD CHROME PLATING SERVICES

For increased durability on high wearing internal or external surfaces.

SPECIALTY MACHINING PROCESSES

State of the art machinery and the latest machining technology allows us to process larger and more complex castings.

PRECISION INSPECTION SUPPORT

We employ the latest in Coordinate Measuring technology ensuring confidence in your final product.

PRECISION ASSEMBLY

Our skilled technicians can provide you with a single or multiple completely assembled and tested unit(s).

Walinga is a company based on family values, such as honesty, integrity and cooperation.
It's not what we do - it's who we are.
